

CENTER FOR ONLINE AND CONTINUING EDUCATION

Fall 2003

Concerned about financing your future?

Five easy payment options for part-time students make financing your education simple and affordable:

- **Only 20% Down**—Your pre-approved employer tuition reimbursement plan may mean you only need to pay 20% up front.
- **Pass the Buck**—Complete the appropriate section of your registration form and we'll bill your employer.
- **Finance It**—Champlain offers a convenient installment plan option.
- **Financial Aid**—Call the financial aid office at (802) 860-2730 to learn more.
- **Pay in Full**—By check, money order or major credit card.

Don't let the cost of tuition keep you from the education you need to advance your career. Learn more about your convenient payment options today.

Contact the Advising & Registration Center at (802) 860-2777 or arc@champlain.edu.

Events for new part-time students

Open House

Wednesday, August 13 at 5:30pm
Miller Information Commons, 3rd Floor
(83 Summit Street)

Orientation

Wednesday, August 27 at 5:30pm
Hauke Family Campus Center, Room #107
(375 Maple Street)

Get acquainted with Champlain College at this informal orientation for new part-time students.

Parking Improved!

Good news for evening students! Significant changes to our parking policy means a dramatic improvement in on-campus parking for evening classes after 5:00 pm.

Champlain is on the move

We're planning ahead...shouldn't you? In today's global, high-tech economy, staying current with the demands of the marketplace means keeping pace with change. That's why Champlain College is always on the move...to ensure that you have the skills you need to succeed.

NEW programs...More than 50 percent of today's Champlain students are in majors that did not exist 10 years ago. Digital Forensics Technology and Applied Psychology are two new, cutting-edge, accredited programs that capitalize on emerging marketplace trends and needs. Champlain now offers 28 professional certificates in business and technology, 16 of which can be completed entirely online. (More inside.)

NEW "Fast Track" certificates...New, accelerated, online certificates in Web Production and Java Development mean you can earn your professional certificate even faster. Eight-week courses allow you to earn your certificate in under a year. (More inside.)

NEW buildings...Three new, state-of-the-art buildings are another element of the Champlain vision. Pivotal to the future of the College, these facilities will form the foundation for emerging programs and enhanced campus life to herald a new era of extraordinary accomplishment at Champlain.

Construction is already underway, visit us on the Web at www.champlain.edu/support/capitalcampaign to track the construction progress.

Architect's rendering of the new Center for Global Business and Technology (on the right) now under construction.

o **Main Street Suites**—to be completed fall of 2003

o **Center for Global Business and Technology**—to be completed fall of 2004

o **Student Life Complex**—to be completed fall of 2005

One thing is for sure: no matter how fast the world changes, Champlain College will be prepared to lead. What about you?

Where do you want to be when the economy turns around?

At Champlain, our mission is to ensure that you have the right skills that lead to real opportunities in the job market...the skills you'll need to be at the head of the pack when the economy turns around. Waiting until the economy turns around could mean you're too late. Don't stand still. Stand out. How do you get there? By getting the education you need today.

Be ready! Contact R.J. Sweeney at the Center for OnLine and Continuing Education at (888) 545-3459 or e-mail coce@champlain.edu to get started. *Classes start September 1.*

Earn your professional certificate even faster!

This fall, Champlain is offering two accelerated, online certificates—**Web Production and Java Development**—with classes that can be completed in just 8 weeks. That means you'll earn your professional certificate even faster.*

In today's tight job market, as more and more applicants are competing for fewer and fewer jobs, you can stand out from the crowd by making sure your education is up to date—and no one can help you do that better than Champlain College.

Targeted training for tangible results

Champlain's professional certificates can be completed in as few as 12 credits, and many are available online. All credits count toward graduation if you decide to pursue a degree. Isn't it time to initiate your career change? Boost your earning power? Gain the confidence you need to land—and succeed in—your dream job?

Professional certificates are available in:

- Accounting
- Advanced Accounting
- Business
- Computer Networking
- Digital Forensics Technology
- e-Business Management
- NEW!** • Financial Accounting
- Food & Beverage Management
- NEW!** • Global Logistics & Finance
- Global Networks & Telecommunication
- Hotel Operations Management
- NEW!** • Human Resource Management
- NEW!** • International Business Development
- * • Java Development
- NEW!** • Managerial Accounting

NEW! DIGITAL FORENSICS TECHNOLOGY BACHELOR'S DEGREE: Creative problem solving. Elusive clues. Cutting-edge investigations. In an age when computers hold the key to everything from terrorist plots to accounting scandals, nearly every crime can potentially leave digital evidence. Digital detectives are in high demand. Learn more at: www.champlain.edu/majors/digitalforensics

Are online classes right for YOU?

Technology is great, but it's only as effective as the people using it. That's why each of our online teachers receives specialized training to use our state-of-the-art online environment to create a rich learning experience for you. Some of the benefits of learning online include:

- **INNOVATIVE:** learn the latest information and technologies from industry-experienced instructors.
- **FAST:** some courses can be completed in as little as 8 weeks.
- **CONVENIENT:** access your education anytime, from anywhere—24 hours a day, 7 days a week.
- **FLEXIBLE:** for those who need to balance work, family AND an education.

R.J. Sweeney,
Recruitment Specialist

Champlain offers complete online degrees and certificates in the fields of study that are burning up the marketplace. If you want to crunch numbers or computer code, run a Web site or a small retail business, go cellular or sell internationally, you can find the skills you need no farther away than your nearest computer. Best of all, you can choose to go online to read and download lectures, view assignments, reply to discussions and take tests at your convenience.

Ready to learn more?

Visit www.champlain.edu for a complete list of the online degrees and programs available. Or call R.J. Sweeney today, toll-free: **(888) 545-3459** or e-mail: coce@champlain.edu. And don't forget about our innovative, new, online master's degree.

Earn your master's degree online!

Vermont's pioneer in online education now offers you a complete master's degree—online!

Learn the knowledge and skills needed to both understand and apply technology in real world settings to solve real business problems.

- Designed for today's busy managers.
- Focused on the nexus of business and IT issues.
- Ideal for an IT professional looking to increase their business and management skills or a business professional who needs a greater understanding of technology.
- Earn your degree in as little as 18 months!

According to the Bureau of Labor and Statistics, individuals with business training earn on average 50% more than those without business training.

What are you waiting for? Jump-start your career today!

Application deadline is October 1 for classes starting December 1. For more information and an application, contact: R.J. Sweeney, toll-free: (888) 545-3459 or e-mail: coce@champlain.edu.

Celebrating 10 years online

Champlain College is fully accredited by the New England Association of Schools and Colleges (www.neasc.org) for both online and on-campus programs. We also are authorized by the Vermont State Board of Education to confer degrees of Associate in Science (A.S.), Bachelor in Science (B.S.), and Masters in Science (M.S.).

Let Vermont High Skills Training Project help pay your tuition

The state of Vermont has long recognized the importance of a workforce well-skilled in technology in order to fuel the state's future economic growth. Through the Vermont High Skills Training Project, the state is working with Champlain College and other institutions to provide higher education and specialized training to Vermonters in high technology, information technology and healthcare occupations. For individuals who qualify, significant tuition assistance—in some cases up to 70 to 100 percent—may be available.

Learn if you qualify and how you can apply by contacting Jane Faust at (802) 865-6402 or faust@champlain.edu.

Free career-planning services!

All students have full access to the services of Champlain's renowned Office of Career Planning, recommended as one of the top career-planning programs available at any U.S. college by the 2002 *Kaplan/Newsweek College Catalog*. Champlain's career advisors work one on one with you to help you land the job, and the employer, you want. For more information, visit www.champlain.edu/careerplan.

How to register

You have 3 easy ways to register:

1. ONLINE

Follow our step-by-step process on the Web at www.champlain.edu/conted

2. BY PHONE

Call the Advising & Registration Center at (802) 860-2777 (major credit cards accepted).

3. IN PERSON

Stop by the Advising & Registration Center at 195 South Willard Street, Burlington. Open weekdays from 8:30am – 5:00pm.

We know your time is precious, so we work hard to ensure a quick and efficient registration process. Click, call or visit today.
